

Consist Group

Cookie policy

All terms not defined herein shall have the meaning ascribed to them in our Terms of Use or Privacy Policy.

ABOUT US

This website www.consist.co.il including its related sub-domains (the "Website"), is operated by Consist (Israel) Software and Computer Solutions Ltd., Consist Systems Ltd. and Consist Technologies Ltd., affiliated companies incorporated in the State of Israel and with their registered office 2 Granit, Petah Tikva, Israel.

In this Cookie Policy when we refer to "Consist", "our", "we" or "us", we mean any of those Consist group companies and they are collectively referred to as the "Consist Group".

Our Website uses cookies. A cookie is a small text file that can be stored on your computer when you visit websites. If those cookies are not strictly necessary for the provision of our Website and services, we will ask you to consent to our use of cookies when you first visit our Website.

WHAT IS A COOKIE?

Information is saved in this text file, such as your choice of language on a Website. When you visit the Website later again, this cookie returns to the concerned Website. In this way, the Website recognizes your browser and can for example retain your choice of language.

Cookies usually also have an expiration date. For example, some cookies are automatically deleted when you close your browser (so-called session cookies), while others can be stored longer on your computer, sometimes until you delete them manually (so-called permanent or persistent cookies).

COOKIES THAT WE USE

We use different types of cookies on this Website:

- (a) Essential Cookies. We use essential cookies to authenticate users, prevent fraudulent use of the Website, and to allow the Website and its features to function properly; and
- (b) Analytics Cookies. Our analytics providers use cookies as part of their tools. Analytics cookies allow us and our analytics providers to recognize and count the number of users to the Website, see how users interact with the Website and different functions, and when users are using the Website. We use this information to improve the Website.

LIST OF ESSENTIAL COOKIES

You cannot block these cookies if you want to access this Website.

Name	Expiry	Description
ASP.NET_SessionId	At the end of the session	This cookie is used in sites developed with Microsoft.Net. When a user start browsing a unique session ID is created, which keeps track of all the information regarding that session.This information is stored in the web server and it is identified via a GUID.The GUID is essential for any ASP.NET site to function properly
__cfduid	29 days 23 hours 59 minutes	The cookie is used by cdn services like CloudFare to identify individual clients behind a shared IP address and apply security settings on a per-client basis. It does not correspond to any user ID in the web application and does not store any personally identifiable information.
_requestverificationtoken	At the end of the session	This cookie is an anti-forgery token (prevent CSRF attack). It guarantees that the poster is the one who gets the form. It prevents from anybody to forge a link and have it activated by a powered user. This cookie is created by the framework.

LIST OF ANALYTICAL COOKIES

You can decline these cookies if you want to visit our Website.

Name	Expiry	Description
__utma	1 years 11 months 28 days 23 hours 59 minutes	This cookie is set by Google Analytics and is used to distinguish users and sessions. The cookie is created when the JavaScript library executes and there are no existing __utma cookies. The cookie is updated every time data is sent to Google Analytics.
__utmc	At the end of the session	The cookie is set by Google Analytics and is deleted when the user closes the browser. The cookie is not used by ga.js. The cookie is used to enable interoperability with urchin.js which is an older version of Google analytics and used in conjunction with the __utmb cookie to determine new sessions/visits.
__utmz	5 months 29 days 11 hours 59 minutes	This cookie is set by Google analytics and is used to store the traffic source or campaign through which the visitor reached your site.
__utmt	9 minutes	The cookie is set by Google Analytics and is used to throttle request rate.
__utmb	29 minutes	The cookie is set by Google Analytics. The cookie is used to determine new sessions/visits. The cookie is created when the JavaScript library executes and there are no existing __utma cookies. The cookie is updated every time data is sent to Google Analytics.

HOW CAN I SEE WHICH COOKIES ARE SAVED IN MY DEVICE AND HOW CAN I DELETE THEM?

If you wish to know which cookies have been saved on your device or if you can delete them, you can use a parameter of your browser. To disable cookies and limit the collection and use of information through them, you can set your browser to refuse cookies or indicate when a cookie is being sent.

When you opt-out, an opt-out cookie will be placed on your device. The opt-out cookie is browser and device specific and will only last until cookies are cleared from your browser or device. You will find more information on how to do it via the following links.
